

# SHEEP / GOAT IDENTIFICATION

VISUAL RANGE

[www.leaderproducts.com](http://www.leaderproducts.com)

## MICRON

## MIC

The Micron tag is a low cost, simple plastic washer and is used to depict the micron color range chosen. This range of colored tags are simply pulled over existing Leadertags or added to self-piercing tags prior to application.

They are available in 11 bright colors and designed to withstand the harshest of UV conditions to ensure sustainability and avoid fading.
